WORK EXPERIENCE

Software Engineering Assistant

Accenture Argentina | April 2021 - Present

Backend Developer working with Agile methodologies for different projects inside the company.

Teaching Assistant

Henry | December 2020 - February 2021

Being a teaching assistant at Henry consists on creating a space where new students can ask for help to advanced students who have just finished the bootcamp part of the course. The goal is to provide them with useful tips and offer them the chance to review the topic of the day; along with other resources that we may have found back in the day and believe are relevant to the better understanding of the concepts.

EDUCATION

Full Stack Web Developer

Henry - <https://www.soyhenry.com/> -
October 2020 - February 2021

A 4 month bootcamp orientated to current technologies that offers practice by working on real life projects applying the SCRUM methodology. Technical stack : Data Structures, Algorithms, JavaScript (ES6), CSS, Sass, Less, React, Redux, NodeJs, Express, SQL, Sequelize, Passport.

Chemical Engineer

UTN FRLP - Argentina -
March 2015 - July 2020

- Bachelor degree with a score of 8.35 /10
